Sir:

The references cited on attached form PTO-1449 are being called to the attention of the Examiner. A copy of each is enclosed.

It is respectfully requested that the cited information be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom. Although the examiner previously stated that it was not necessary to send copies of the opposition filings, applicants wish to err on the side of over-inclusiveness and have attached opposition statements, including cited references, by all its opponents. Additional references are also cited in an abundance of caution.
